THE WEATHER.

The record of the thermometer yesterday in front of C. W. Brandon's drug store was: 7 a. m., 44 degrees above; 12 m., 54 degrees above; 4 p. m., 66 degrees above; 8 p. m., 63 degrees above.

ABOUT THE CITY.

The G. A. R. meets to-night.

A new flag-staff was placed in position on the northeast turret of the Montana.

Mrs. Thomas Wilson of Butte is visiting friends in Anaconda for a few days.

Miss Blackstone will spend her vacation at the world's fair and her home in Wisconsin.

Judge Winston is attending court at Dillon and will probably be away three or four days.

C. W. Gosman, one of the musical lights in the Elk minstrels of Butte, was in the city yesterday.

Mrs. J. M. Kennedy and children left yesterday on a visit with friends and relatives in Canada.

Burnett & Co., the well known butchers, have moved their slaughter house from the east side of town to Lost creek.

Miss Bertha Engle of Butte, who has been visiting Mrs. L. W. Katzenstein for a few weeks, returned home yesterday.

Mrs. Frank Zimmerman and daughter have left on a visit to the world's fair, and a visit with Mrs. Zimmerman's parents in Indiana.

Miss Hattie May, who has been spending the winter and spring with her brother, Louis May, has returned to her home in Louisville, Ky.

Edouard Remenyi, the noted violinist, will be in the city next Monday evening. Seats are now on sale at Smith Drug company's store.

Mrs. J. M. Parks, principal of the Lincoln school, has gone to Salt Lake, where she will spend the summer with her sister, Mrs. A. L. Kempman.

Professor Kern expects to leave for Chicago to-day, where he will meet his family. After a short visit at the fair he expects to return to the city with his family.

Rev. Mr. Jones of Virginia City, will hold services in St. Mark's church, on Sunday, morning and evening. The Holy Communion will be administered at the 11 o'clock service.

It seems probable that the pacing horses belonging to Messrs. McGinley, Nelson and Burch will be given another chance to measure their speed July 4. The owners of the defeated horses in the last race express a willingness to try it over again for a forfeit of \$500 a side.

The teachers' excursion to the world's fair has become demoralized by the failure on the part of the Union Pacific to meet the rates offered by the other roads. It was first contemplated going by Salt Lake and Denver, but now it will be a free-for-all, go-as-you-please excursion.

At a meeting of the stockholders of the Butte, Anaconda & Pacific Railroad company held in Anaconda, June 23, 1893, the following officers and directors were elected: W. L. Hoge, president; M. B. Brownlee, vice president; F. C. Cruger, secretary and treasurer. Directors, W. L. Hoge, M. B. Brownlee, J. B. Lossee, W. M. Thornton and D. J. Fitzgerald.

American Federation of Labor, Federated Labor Union No. 5739.

Members are notified that the election of officers will take place Monday, the 26th instant, at Anaconda hall, over Foster's, from 1 o'clock to 8 o'clock p. m. All members in good standing are earnestly requested to attend. GEO. ELSTON, President.

You will miss the greatest musical treat of your life if you fail to hear Remenyi, the greatest living violinist, and his splendid company of artists, at Evans opera house, Anaconda, June 26.

Shiloh's Cure, the Great Cough and Croup Cure, is for sale by us. Pocket size contains 25 doses, only 25c. Children love it. Sold by the Smith Drug Co.

ALL ABOUT THE CITY

Drs. Murray and Shultz Submit Their Report on the Situation.

NO MORE NEW CASES

Dr. Stephens Reports All Patients Progressing Favorably—Provision Made for General Vaccination in the City.

There was nothing new in small-pox cases yesterday except that Drs. Murray and Shultz made a careful examination of the eight cases at the pest house and reported that four of the suspected cases were small-pox. In the cases of the four men who are nearly convalescent, they report that they were unable to make any definite conclusion on account of the patients' present state of recovery.

Dr. Shultz said before leaving that he considered the season of the year most favorable for eradicating the disease, and that the treatment in tents was better than in most buildings on account of the free ventilation it allowed. One patient, he stated, had a complication of pleurisy with the disease, which made his case more serious than any of the others.

The board of health met again last evening to receive the health officer's and Drs. Murray and Shultz's reports. The health officer reported there had not been a single new case in the past two days. A strict quarantine was being kept on the town. Third street case, and a guard watched the house night and day. He said Dr. Stephens reported all his cases at the pest house were progressing most favorably. The report submitted by Drs. Murray and Shultz was then read as follows:

Dr. J. P. Spelman and Board of Health, Gentlemen:

We, by your request, have examined the following cases now in quarantine and find as follows: Pat. Murphy, present condition, body covered with an unilluminated pustular eruption, dissection beginning on face. Diagnosis, small-pox.

Harry Smith, present condition, unilluminated pustular eruption, covering body. Small-pox.

John Holt, present condition, pustular and hemorrhagic eruption covering body. Small-pox.

Mike Hoffer, present condition, unilluminated pustular eruption, covering body. Small-pox.

Frank McIntyre, Tom Call, John Sullivan, Frank Burns, convalescing. Concerning the first four cases there can be no doubt that they are genuine cases of small-pox. These are typical cases, running a definite course, and never successfully vaccinated. With regard to the convalescing cases, all were vaccinated, and are in a better position to determine that point. We further find that these patients are receiving necessary attention in the competent care of Dr. Stephens. Respectfully submitted.

WILLIAM M. SHULTZ, M. D.

T. J. MURRAY, M. D.

The board adopted the report as read and next considered the advisability of placing vaccination within the reach of every citizen. The health officer was finally authorized to telegraph for 1,000 vaccine points, and it is likely in two or three days headquarters will be opened where people can be vaccinated at the low rate of 25 cents each. This will probably pay the city just what the operation will cost. Dr. Spelman denied some of the statements that appeared in the Butte Miner, stating that he had not placed a quarantine card on any household, and that first receiving a guard, and in no case had people been allowed to leave such premises and seek another abode. The meeting then adjourned until 8 o'clock this evening.

CONSOLIDATED BANDS.

Music Will Work in Accord Henceforth.

The Copper City Cornet band and Professor Burkhardt's brass band consolidated last evening into one band and the citizens of Anaconda can be assured of a good band in the future, under the leadership of Professor Burkhardt, with the following instruments: Cornets—Professor Burkhardt, S. L. Mahan, W. A. Collins. Clarinets—Valentine Theisen, John E. Roeder. Alto—Charles Collins, Mr. Norquist. C. Wren. Tenor—Gus English, Joseph Lepke, Professor Rasmussen, William Bolinger. Baritone—L. Schmidt. Bass—Thomas Wells. Tuba—Harry Hobbs. Drums—George Elston, Harry Smith.

The above band will, in the future, be known as the Copper City Cornet band, and will give a dance in the park pavilion to-morrow afternoon and evening. Dance music will be furnished by the Copper City orchestra.

A Respected Citizen Gone.

News was received last night that Hosea Fisher, an old timer in Montana, and for more than 20 years a resident of Butte, died at Great Falls last evening. The deceased was a brother of Dick Fisher of this city, who was called to his brother's bedside three days ago. It is not known from what cause death resulted, as only a brief announcement of the event was received by telegraph last night. Everyone who knew the deceased, and they are legion, will be sorry to hear of Hosea Fisher's death.

A Wonderful Exhibition.

Professor Theodore Greimer, the noted Bohemian glass blower, who has been giving such an interesting exhibition of his unequalled skill in working glass, will only be in the city one day more. Those who have not seen this exhibition should not miss the last opportunity of seeing it. His wonderful atom engines have been exhibited in all the leading exhibitions of the world. The glass dress is the only purely glass dress in the world and is alone worth the price of admission charged to see these wonders. Call and see the professor, next door to Elbert's furniture store.

To the Anaconda Public:

The Anaconda branch of our undertaking establishing is now opened and we are prepared to take charge of funerals and furnish the very best of goods and attendance at very reasonable prices. Bodies embalmed and shipped to all parts of the United States or Europe. Open day and night. E. H. SHERMAN, 114 Main Street, Anaconda.

Miss Minnie D. Methot, with the Remenyi Grand Concert company, possesses one of those rare pure soprano voices that charms every lover of song. It is wonderfully sweet in tone and of unusual compass. She has well earned the reputation of possessing the sweetest soprano voice on the concert stage. At Evans opera house, Anaconda, June 26.

Miss Florence Sage, piano soloist and accompanist, with the Remenyi Grand Concert company, is not surprised at either a soloist or accompanist. She never fails to delight and charm the most critical audience. At Evans opera house, Anaconda, June 26.

The Next Attraction.

Mr. Remenyi must have been thoroughly satisfied, says the Chicago Times, from the warmth of the greeting given him, that he is very pleasantly remembered. It was said of him long ago that he was not the finished artist that one or two others were; that he did not scorn the ad captandum in order to "catch the crowd." And if that was true in those days, it can scarcely be that he has repented since. But, confessing these little wiles to lay hold on those who do not understand the other thing, he is still master of his instrument. His tone is smooth, pure, steady, and his bowing and fingering as full of confidence as they could be. He has the true musical feeling, too, knowing both what an effect should be and how to compass it. The canonetta served to display to great advantage the player's wonderful delicacy and precision in execution, and his power of producing the merest thread of sound that was yet perfect in musical quality, and the final allegro displayed the fire and dash of which he is capable and the impetuosity and accuracy combined of his technique. Enthusiastically, indeed rapturously, recalled, he responded with Schubert's "Serenade," which gave occasion for some of the most exquisitely sustained and flowing legato playing heard here in many a day, and was played with much more breadth and passion of shading than is usually given the work.

Small Pox.

Disinfect your homes and buy your copers, chloride of lime, carbolic acid and bromo-chloralum at Cress' drug store, 221 First street.

James W. Marshallbank, baritone soloist, with the Remenyi Grand Concert company, is a great favorite on the concert stage. His voice is powerful, full and rich and of great compass, and he never fails to meet with the most enthusiastic reception. At Evans' opera house, Anaconda, June 26.

Don't fail to call on "Harry, the Pawnbroker" when you visit the world's fair. Now called "Montana Loan Office," 83 West Madison street. He will be pleased to meet you.

Remenyi and his superb company of artists have entertained and charmed the music loving world from the Atlantic to the Pacific. You cannot afford to miss this rare musical treat. At Evans opera house, Anaconda, June 26.

A new man can be made, out of one that's "used up," bilious and dyspeptic. It's done by Dr. Pierce's Golden Medical Discovery. It starts the torpid liver into healthy action, purifies and enriches the blood, cleanses, repairs and strengthens the system, and restores health and vigor. As an appetizing, restorative tonic, it acts at work all the processes of digestion and nutrition, and builds up flesh and strength. It's the only Blood and Liver Remedy that's guaranteed, in every case, to benefit or cure. If it doesn't do all that's claimed for it, the money is promptly refunded. But it keeps its promise—that's the reason it can be sold in this way.

You only pay for the good you get. "Discovery" strengthens Weak Lungs, and cures Spitting of Blood, Shortness of Breath, Bronchitis, Severe Coughs, and kindred affections. Don't be fooled into taking something else, said to be "just as good," that the dealer may make a larger profit. There's nothing at all like the "Discovery."
